🎓 Education

Dokuz Eylül University

09/2021 – 06/2026

Computer Science

I have a strong academic background heavily focused on mathematics and data science.

Skills: C, C#, Data Science, Data Mining, Artificial Intelligence, Machine Learning.

📁 Professional Experience

OneNewOne

Jr. Artificial Intelligence Specialist

06/2025 – 06/2026

To maximize the efficiency of developed models, I take part in data collection, processing, quality enhancement, and database development/optimization.
Skills: Python, SQL, APIs, Data Engineering, and Data Analysis.

Data Engineer Intern

12/2024 – 06/2025

I was part of the team responsible for data cleaning tasks aimed at improving data quality. Skills: Data Science, Data Engineering

Doğuş Technology

Big Data Engineer Intern

12/2023 – 05/2024

I was part of the big data team responsible for cleaning, processing, and distributing essential data for software teams. Skills: Python, API, SQL, Spark, Airflow, Hadoop

Frontend Developer Intern

07/2023 – 12/2023

I was part of the frontend team in a group that developed a fleet management application, contributing to the development of web interfaces.

Skills: HTML, CSS, ReactJS, API

📄 Certificates

- Huawei HCCDA - Tech Essentials

- Python for Data Science, AI & Development

- Huawei HCCDA - AI

📁 Projects

Huawei Cloud & BTK Academy 2024 Coding Marathon AquaMind Project

Cloud-Based Model for Detecting Potable Water

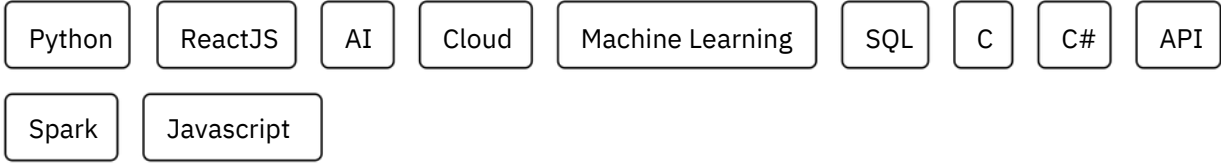

SANATJS

Computer Science Graduation Project

Languages

Turkish ■ English

Skills

Profile

I am a senior Computer Science student at Dokuz Eylül University. I have had the opportunity to work and develop projects in Front-End, Data, Big Data, Cloud, and AI. Through my previous roles at ONO and Doğuş Teknoloji, I gained hands-on experience in web development, data cleaning, data processing, artificial intelligence, and big data engineering. Currently, I am focused on further advancing my expertise primarily in Data and AI.
